Dear Inoue san, Mario san,

Summary

- Since the MAS BU side has no resources to undertake this topic, we decided to use India R&D Cybersecurity res

- Since all sites already have a CS process: MAE has certification for JLR & BMW, while Automotive BU already has

- As a first step it will be better to start creating the comparison of the CS processes at each site and report at 06

- MAE CS process is already available, Inoue san will support sending the CS processes from Automotive BU and I
